VSI-2534 Quickstart Guide

Instructions:

1. Install J2534-compliant PC drivers from the VSI-2534 CD.
   The latest J2534-compliant PC Drivers can always be found at http://www.autoenginuity.com/vsi

2. Using the USB cable, connect the VSI-2534 to your PC. Connect the vehicle cable to the VSI-2534.

3. Finally, connect the other end of the vehicle cable to the vehicle’s diagnostic port.

4. Configure your J2534-compliant OEM application to use the VSI-2534. Consult either the documents available from the OEM or review the applicable VSI-2534 Reprogramming User Guide located on the CD. The VSI-2534 User Guide and Reprogramming User Guides are also available in: Start > Programs > VSI-2534.
